	This simple frontier town is in fact a city of great importance as the ancient capital of Ethiopia. According to local legend, Axum was home to Queen Sheba and the current resting place of the Ark of the Covenant. As we explore Axum, and its ancient relics, our sense of adventure and imagination guides us through this mysterious and historic place. On arrival, we get our first glimpse of the history of this area with a city tour that includes the Archeological museum of Axum and the Cathedral of St. Mary of Zion. The original church was built by Emperor Fasiladas, founder of Gonder, in 1665. It's thought that this church is built on the original foundations of a temple						
	build by King Ezana or King Kaleb in the 4th or 6th centuries, making this the oldest Christian site in Africa. Keep your eye out for the guarded chapel, which is said to be the home of the Ark of the Covenant. The modern St. Mary's of Zion cathedral dates from the 1960s when Emperor Haile Selassie had it build. The architectural style is painfully out of place in the ancient city, but the contrast between the buildings on the site is fascinating. We also spend time exploring the on-site museum under the church, which houses many of Ethiopia's priceless relics (the museum was recently opened to both women and men, photography is not allowed).						
	Today we continue our visit in Axum. We visit the famous 'Stele field' (4th Century AD and UNESCO World Heritage Site, the ruin palace and tomb of King Kaleb and King Gebre Meskel (5th and 6th Century AD) and the residence of the legendary Queen of Sheba (9th century BC). The North Stelae Park contains over 120 stelae, some are upright, some are buried and others have been removed. The Rome Stelae, the tallest at 25m high, was shipped to Italy in 1937 under orders from Mussolini, but has since been returned and re-erected.

<b>Friday</b>	Breakfast at the Yeha Hotel	7:30 AM					
	Depart for Airport	8:15 AM					
	Fly to Lalibela		ET123	11:15 AM	11:55 AM		
	After breakfast, transfer to the airport and fly to Lalibela. The small town of Lalibela is situated high in the Lasta Mountains and is arguably one of the most important religious and historical sites in all of Africa and the entire Christian world. Ethiopia was the first country to adopt Christianity as a state religion, and the Ethiopian Orthodox religious practices root lies in Judaism and areas of the country practiced.						
	<b>Visit the Church hidden in the cliff</b>						
	With your guide, spend the day exploring the first group of Lalibela churches. There are no less than 200 churches in the Lasta Region. These brilliant feats of engineering and architecture are often referred to as the "Eighth wonder of the world". The churches are said to have been constructed during King Lalibela's reign during the 12th and 13th centuries when Lalibela (then known as Roha) was the capital of the Zagwe dynasty.						
	Lunch at the Roha Hotel	1:30 PM					
	Many different theories exist as to how they were built and by whom, and speculation ranges from angels and the Knights Templars. Legend has it that King Lalibela was exiled to Jerusalem and returned to Ethiopia to build a new Jerusalem.
